Introduction for Ministry of Education Online Early Childhood Education Teaching and Learning Materials

The Liberia Ministry of Education has developed 50 context-relevant and age- appropriate early childhood education readers. These readers would be addressing the chronic need of improving the quality of teaching and learning materials and the widespread lack of curriculum materials for foundational literacy and play-based learning. Twenty-five of these ECD readers were written by ECE master trainers and, 25 were contextualized using online open- source stories from the global digital libraries.

Welcome to this audio edition of early childhood books aligned to the Liberia Early Childhood Education Curriculum. There are 50 eBooks in this edition. The uniqueness of this Ministry of Education approach is that each book has a sign language version.

The books come in three categories or levels:

- Beginner or nursery is for children ages 3 to 4
- Intermediate or K-I is for children ages 4 to 5 and
- Advance or K-II is for children ages 5 to 6

The development and production of these books were made possible through the Bureau of Early Childhood Education of the Ministry of Education, with support from the Global Partnership for Education with funding from the World Bank. The eBooks and the accompanying audio books were designed by WE-CARE Foundation, a local educational NGO.

A yellow, ripe mango is ready to eat!

One chick stares at the yellow mango. The chick cannot reach it. Here comes another chick.

Two chicks climb on the chair. But the mango is too high. Here comes another chick.

Three chicks ask a bird to pick the yellow mango. The mango is too heavy. Here comes another chick.

Four chicks shake the tree. But the branch is too thick. The mango doesn't fall. Here comes another chick.

Five little chicks sit under the mango tree. They think about how to pick the yellow mango.

They think and think. One of them had an idea. "Let's climb on each other," the first chick says.

So the second chick climbs on the first! The third climbs on the second! The fourth climbs on the third! The fifth climbs on the fourth!

They sway to the right.

They sway to the left.

The fifth chick grabs the mango with her beak.

The yellow mango is too heavy.

All five chicks fall to the ground.

The yellow mango lands on the ground!

The chicks laugh and cheer! They eat the juicy, yellow ripe mango till their tiny tummies are full.
